

Dual

A HEAVY DUTY FLOOR CLEANER

DESCRIPTION

A milky white emulsion of selected solvents, detergents, grease wetting agents and acidic compounds. Fully soluble in water and free rinsing.

APPLICATIONS (Usage Areas)

DUAL CONCRETE CLEANER is used primarily to remove old oil, grease and soil deposits from engineering workshops, drive-ways, paths, yards, etc.

DIRECTIONS FOR USE

Apply DUAL CONCRETE CLEANER undiluted onto the floor and spread around with a squeegee. Allow to stand for 10-15 minutes and then use squeegee to move the DUAL CONCRETE CLEANER to another soiled area. Repeat procedure until cleaning efficacy of DUAL CONCRETE CLEANER has been exhausted.

Finally mop up and clean with tap water.

Coverage: 1lt covers approx. 15m².

BENEFITS

- No scrubbing required
- Complete oil removal
- Eliminates tyre marks
- Does not remove traffic paint

PRECAUTIONS

- Avoid contact with skin and eyes.
- Product contains acidic compounds.
- Do not mix with other detergents

EMERGENCY TREATMENT

Skin contact: Flush immediately with water for 10 minutes. Remove and wash contaminated clothing.

Eye contact: Flush immediately with water for 15 minutes. If irritation persists, get medical attention.

Inhalation: Move to fresh air.

Ingestion: Rinse mouth with water. Then drink large quantities of tap water or milk. Do not induce vomiting; Get immediate medical attention.

STORAGE

DUAL CONCRETE CLEANER Store in a cool, dry, ventilated storage area with a acid resistant floor and good drainage.

Conditions to avoid:

Keep out of direct sunlight and away from heat, water, and incompatible materials. Do not wash out container and use for any other purposes.
