Ecoclean

ENVIRONMENTALLY FRIENDLY WATER BASED DEGREASER

DESCRIPTION

Ecoclean is a biodegradable, non-hazardous detergent degreaser which is water soluble. For use in industrial and commercial applications.

APPLICATIONS (Usage Areas)

Ecoclean is ideal for use as a substitute for degreasing and cleaning with solvents used in the Mining and Engineering sectors. It can be used for the cleaning of Tarmac Surfaces, Floors, Trucks, **Trains**, etc. Ecoclean is the perfect solution for the Laundering of Engineers Boiler suits, Dustcoats, etc. Removes all and grease as well as pigments from cotton and polyester cotton garments without re-deposition. When used with top loading washers, Ecoclean will not affect the rubber seals.

DIRECTIONS FOR USE

Ecoclean can be applied via spray bottle, mop, cloth or brush. Rinse with water.

Light duty cleaning:

Can be diluted up to 1:20 with water.

Medium soiling:

Dilute 1:10 with water.

Heavy soiling:

Dilute 1:5 with water.

For Laundry use: Use 500ml per 50kg dry weight of garments at a temperature of 60-70°C for 10-15 minutes in conjunction with 300-400 gram of Brilliant.

BENEFITS

- Safe to use on all metal surfaces
- Odourless and environmentally friendly
- Hot and cold applications
- Non-flammable

EMERGENCY TREATMENT

Skin contact: Flush with water, wash contaminated clothing before reuse. If irritation develops, seek medical advice.

Eye contact: Rinse immediately with plenty of water for 15 minutes with eyelids held wide open. Seek medical advice.

Inhalation: Move person to fresh air and seek medical advice.

Ingestion: Induce vomiting. Drink 2 glasses of water and seek immediate medical attention.

STORAGE

Store in original container undercover in a cool dry place.

Do not mix with other detergents.

Keep container tightly closed when not in use.

Keep away from the reach of children.
