

GeoWash-Environmental

A CONCENTRATED CHLORINE AND PHOSPHATE FREE WAREWASHING DETERGENT FOR DISHWASHING MACHINES.

APPLICATIONS

Effortlessly cleans utensils and pots and pans in soft and medium water conditions. For under-counter, and single and multi-tank dishwashing machines.

DIRECTIONS FOR USE

GEOWASH ENVIRONMENTAL is dispensed automatically using GeoChem chemical dispensing equipment at a dilution ratio of 0.10% to 0.25% (1:1000 to 1:400)

FEATURES

- Readily biodegradable
- Low cost in use
- Excellent grease cutting and removal of food residues
- Low foaming
- Soils do not redeposit
- Prevents scaling

PRECAUTIONS

- Do not use on aluminium or other soft metals
- Avoid contamination of food products and packaging materials
- Cookware and utensils must be thoroughly rinsed with potable water after contact with GEOWASH ENVIRONMENTAL.

GEOWASH ENVIRONMENTAL contains dilute solutions of sodium hydroxide. Proper precautions must be taken in order to prevent the likelihood of serious injury. Direct exposure may cause severe burns to the skin, damage to the eyes, and ingestion can be fatal. Persons using GEOWASH ENVIRONMENTAL are to wear safety glasses and gloves, and appropriate protective clothing in order to prevent harmful contact with the chemical.

Children are most susceptible to ill effects of sodium hydroxide. If around children, one must avoid using GEOWASH ENVIRONMENTAL or at least keep it in such a place which is not reachable to children.

For more detailed Application and Safety information please refer to the GEOWASH ENVIRONMENTAL Technical and Material Safety Data Sheet's, (TDS and MSDS) or kindly contact a GeoChem product specialist for assistance.

A CONCENTRATED CHLORINE AND PHOSPHATE FREE WAREWASHING DETERGENT FOR DISHWASHING MACHINES.

EMERGENCY TREATMENT

PRODUCT INGESTED:

Do not induce vomiting. Drink at least 1 to 2 glasses of water and milk and seek immediate medical attention or call your poison control centre for assistance.

PRODUCT IN EYES

Flood affected eye(s) with copious amounts of lukewarm, gently running water for at least 15 minutes. During this time the upper and lower eyelids should be held apart. Obtain medical attention.

SKIN CONTACT

Rinse the affected area(s) with copious amounts of lukewarm, gently running water for at least 15 minutes. Remove contaminated clothing and shoes. If skin irritation exists, seek medical attention. Wash/thoroughly clean all clothing before re-using.

INHALATION

Remove source of contamination or move patient into fresh air. Begin artificial respiration immediately if patient is not breathing and administer supplemental oxygen if available. Obtain medical attention.

TRANSPORT AND STORAGE

Transport and store supplies of GEOWASH ENVIRONMENTAL upright and in sealed original containers. Always keep in a cool environment out of reach of children and away from food stuffs.

SHELF-LIFE

GEOWASH ENVIRONMENTAL has a shelf life of 2-years months but once diluted it should be used immediately.

RISK PHRASES

- Risk Phrases: R22 (harmful if swallowed)
- R36/37/38 Irritating to eyes, respiratory system and skin

SAFETY PHRASES

- Safety Phrases: S1 (keep locked up)
- S2 (keep out of the reach of children)
- S26 (in case of contact with eyes, rinse immediately with plenty of water and seek medical advice)
- S36 (wear suitable protective clothing)
- S37 (wear suitable gloves), S39 (wear eye/face protection)
- S45 (in case of accident or if you feel unwell seek medical advice immediately; show the label where possible)
