

Glass Cleaner

A concentrated glass and multi-surface cleaner with surface modification ingredients for rapid drying, improved shine, and lasting effect.

APPLICATIONS

- Glass
- Stainless Steel
- Plastic Surfaces
- Ceramic
- Tile
- Mirror

DIRECTIONS FOR USE

Measure or dispense GLASS CLEANER into spray bottle or bucket. Apply to a cleaning cloth or the surface to be cleaned. Wipe dry with a clean cloth. Thoroughly rinse all food contact surfaces with potable water before re-use.

Spray bottle	1:40
Bucket	1:50

GeoChem CHEMICAL PROPORTIONING EQUIPMENT is recommended for perfectly controlled dosing of GLASS CLEANER.

FEATURES

- Readily biodegradable
- Non-streaking – no watermarks – dries fast
- Shining surfaces
- Lasting effects

PRECAUTIONS

As with most cleaning chemicals prolonged exposure to skin is likely to cause irritation and sensitivity. Avoid direct contact with eyes. Suitable gloves, eyewear, and protective clothing must be worn when using GLASS CLEANER.

Keep supplies closed and away from foodstuffs and out of the reach of children.

For more detailed Application and Safety information please refer to the GLASS CLEANER Technical and Material Safety Data Sheet's, (TDS and MSDS) or kindly contact your local GeoChem Product Specialist for assistance.

EMERGENCY TREATMENT

PRODUCT INGESTED:

Low toxicity if swallowed. Small amounts swallowed incidentally as a result of normal handling operations are not likely to cause injury; however, swallowing larger amounts may cause injury; Seek medical attention. Do not induce vomiting unless directed to do so by medical personnel.

PRODUCT IN EYES

Flood affected eye(s) with copious amounts of lukewarm, gently running water for at least 15 minutes. During this time the upper and lower eyelids should be held apart. Obtain medical attention.

SKIN CONTACT

Prolonged and in rare circumstances brief contact may cause slight skin irritation with local redness. Rinse the affected area(s) with copious amounts of lukewarm, gently running water. Remove contaminated clothing and shoes. If skin irritation exists, seek medical attention. Wash/thoroughly clean all clothing before re-using.

INHALATION

Brief exposure (minutes) is not likely to cause adverse effects. Remove source of contamination or move patient into fresh air. Begin artificial respiration immediately if patient is not breathing and administer supplemental oxygen if available. Obtain medical attention.

STORAGE

Store GLASS CLEANER in its original container, securely sealed, in an upright position, in a cool environment away from food stuffs and out of the reach of children.

SHELF-LIFE

GeoChem will endorse the results on the product certificate of analysis for GLASS CLEANER for a period of up to 18 months from the date of manufacture for material in original, unopened, properly stored containers. Beyond 18 months, we recommend the quality of the material be confirmed prior to use, by retesting the certificate of analysis parameters. Once diluted, GLASS CLEANER should be used immediately.

RISK PHRASES

- R36 Irritating to eyes
- R37 Irritating to respiratory system
- R22 Harmful if swallowed

SAFETY PHRASES

- S2: Keep out of reach of children
- S7: Keep container tightly closed
- S24: Avoid contact with skin
- S25: Avoid contact with eyes
- S26: In case of contact with eyes rinse immediately with plenty of water and seek medical advice
- S36: Wear suitable protective clothing
- S45: In case of accident if you feel unwell, seek medical advice immediately
