

Handsan

ANTIBACTERIAL HAND-WASHING SOAP

DESCRIPTION

Handsan is a viscous blue liquid with anti bacterial properties. Contains bronopol as an active ingredient.

APPLICATIONS (Usage Areas)

Handsan is suitable for most soap dispensers. It is recommended for use by plant personnel in the food, meat, beverage, dairy and fish processing industries. This especially applies to high risk areas. Handsan can also be used where a high level of hygiene is necessary such as hospitals, nursing homes, clinics, old age homes as well as food preparation areas in hotels, restaurants and catering establishments.

DIRECTIONS FOR USE

Wet hands and rinse hands with water, dispense approximately 0,5ml of Handsan onto hands, wet slightly and wash thoroughly.
Finally rinse with water.

PRECAUTIONS

- Do not use with other detergents
- Avoid direct contact with eyes
- Do not swallow
- Do not allow concentrate to come into contact with food
