# Remove

## 'MICRO' LAUNDRY DETERGENT & STAIN REMOVER

### DESCRIPTION

REMOVE is a slightly moist – free flowing powder with 'AKTIV' beads and a pleasant orange fragrance.

### BENEFITS

- Ideal for household, commercial and hospitality use.
- Suitable for Twin Tub and Auto washing machines
- Very effective on all stains including coffee, wine, food, blood, perspiration etc.
- Safe to use on whites as well as *colour – fast colours*.
- Low temperature wash – Energy saver
- Imparts a 'softer' feel to garments and linen – reduces use of softener.
- Makes ironing easier
- Leaves a pleasant orange fragrance

### DIRECTIONS FOR USE

#### Washing

- ❖ Light to medium soiling : 6 to 8gms per kg
- ❖ Heavy soiling : 10 to 12gms per kg

#### Soaking for Stain Removal

20 to 30gms per 10lt of warm water followed by wash – no further addition required.

### PRECAUTIONS

REMOVE is *slightly alkaline*

Avoid eye and continuous contact with hands

Always check for colour fastness

Keep away from Acid and Chlorine compounds

### EMERGENCY TREATMENT

Eye contact: In case of accidental contact with eyes, flush with plenty of tap water.

### STORAGE

Keep away from reach of children.

Do not exceed a temperature of 60°C
