Sheen

SILICONE BASED TYRE GLOSS

DESCRIPTION

A new generation silicone based tyre gloss with additives to guard against weathering, providing protection and producing a longer lasting shine. Low odour and less hazardous than conventional silicone fluids, SHEEN is a superior formulation with added benefits.

APPLICATIONS (Usage Areas)

SHEEN is ideal for use on all types of rubber surfaces such as wheels and rubber innings to protect and shine. SHEEN can also be used on hard surfaces such as bumpers. SHEEN may also be used for interior surfaces however odour suitability should first be tested.

DIRECTIONS FOR USE

Ensure surfaces are clean and free of oils, detergents and dry. Apply SHEEN liberally and directly onto the surface using a brush or dry, soft cloth. Wipe off excess and allow to air dry.

BENEFITS

- Protects against weathering
- Can be used hot or cold
- Low odour
- Less hazardous

PRECAUTIONS

SHEEN contains solvents.

- Flammable, keep away from ignition sources
- Avoid direct contact with eyes and skin
- Wear impervious rubber gloves
- Do not ingest product
- Keep out of the reach of children

EMERGENCY TREATMENT

Skin contact: Flush with soap and water, wash contaminated clothing before reuse. If irritation develops, seek medical advice.

Eye contact: Rinse immediately with plenty of water for 15 minutes with eyelids held wide open. Seek medical advice.

Inhalation: Move person to fresh air and seek medical advice.

Ingestion: Induce vomiting. Drink 2 glasses of water and seek immediate medical attention.

STORAGE

Store in original container undercover in a cool dry place.

Keep away from ignition sources.

Do not mix with other detergents.

Keep container tightly closed when not in use.

Keep away from the reach of children.
