Stainex

CROCKERY AND CUTLERY STAIN REMOVER

DESCRIPTION

Stainex is a fast acting stain remover for use on crockery and cutlery. Free flowing powder that dissolves in water with no undesirable odours and rinses easily from all surfaces.

APPLICATIONS (Usage Areas)

Stainex is an ideal for removing stains resulting from teas, coffees and similar beverages left on contact surfaces such as cups, spoons, inside urns, counter tops, etc. Stainex can also be used to remove stains left on porcelain surfaces such as toilets, basins, tiles etc.

DIRECTIONS FOR USE

Dissolve 100-200 grams of Stainex into 5Lts boiling water. Soak stained items for 5 minutes, remove and rinse with WARM fresh water. Repeat if necessary.
Alternatively pour the hot water into porcelain bowls or over stained surfaces allowing as much contact time as necessary (up to 1 hour) to remove the stain. DO NOT EXPOSE COLD SURFACES TO BOILING WATER as this may lead to cracking, but expose the surface to warm water first before adding the hot Stainex solution.

BENEFITS

Quick Action
Easy application
Economical

PRECAUTIONS

Stainex contains mild oxidizing agents.
- Do not use with other detergents
- Avoid direct contact with eyes and skin
- Wear impervious rubber gloves
- Do not ingest product
- Keep out of the reach of children
