Truckwash Powder

Heavy Duty Cleaner and Degreaser

DESCRIPTION

TRUCKWASH POWDER is an off white free flowing powder. It contains mild alkalis, emulsifiers, dispersants, wetting agents, penetrating compounds and corrosion inhibitors. It is non-toxic, does not contain any caustic compounds and is completely and easily rinseable.

APPLICATIONS (Usage Areas)

Ideal for cleaning of equipment and parts by immersion, high pressure steam cleaning, as well as manual cleaning applications.

DIRECTIONS FOR USE

When used as a hot tank cleaner for the removal of heavily soiled components, fill the tank below the operating level. Heat to 60°C and add 100gm of TRUCKWASH POWDER whilst solution is being agitated. Fill tank to required level with water and increase temperature to 70-90°C and maintain at this level.

For lightly soiled components, 30gm of TRUCKWASH POWDER will be sufficient to provide complete and satisfactory grease and soil removal.

The immersion time depends on the degree of soiling. An overnight soak application is advised. A period of no less than 6 hours soak application shall be needed in most instances. All parts cleaned in the TRUCKWASH POWDER solution should be rinsed with clean tap water.

For steam cleaning dissolve 10-25gm of powder in 1lt of water. For high pressure cleaning, dissolve 5-10gm/lt of water. For manual cleaning of lightly soiled surfaces dissolve 10-20gm /lt water.

For heavily soiled surfaces dissolve 20-40gm /lt water.

Dilution ratios for manual cleaning will depend on degree of soils on the surface to be cleaned.

ADVANTAGES

TRUCKWASH POWDER

- Wear impervious rubber gloves when using.
- Avoid prolonged contact with skin, clothing and eyes.
- Do not use with other cleaners and acids.
- Do not ingest product or inhale vapour.
- Do not leave in direct sunlight.

EMERGENCY TREATMENT

Skin contact : Wash immediately with plenty of water.

Eye contact : Rinse immediately for 15 minutes with plenty of water and obtain medical attention.

Inhalation : Move person to fresh air.

STORAGE

Keep containers closed and tightly sealed when not in use.

Keep away from the reach of children.
